Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 06 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Showers, heavy and thundery in places.

This Evening and Tonight:
Showers, often heavy, with a risk of thunder, becoming more isolated in the south and east, but merging into some longer spells of rain for Northern Ireland and later Wales, northwest and southwest England.

Saturday:
Band of rain, some heavy, turning showery as it moves east across England and Wales, with sunny spells and scattered heavy showers with risk of thunder either side of this.

Outlook for Sunday to Tuesday:
Heavy and thundery showers on Sunday and Monday, initially most widespread for parts of Northern Ireland and northwest England Sunday, then much of England and Wales on Monday. Drier Tuesday.
